LOCATION**

You are invited to the

**SR-710 Tunnel Technical Study
El Sereno Community Meeting**

When: Thursday, March 26, 2009 at 6:30 p.m.

**Where: Los Angeles Christian Presbyterian Church
2241 N. Eastern Ave., Los Angeles, CA 90032
(3 blocks south of the El Sereno Recreation Center)**

Learn more about the SR-710 Tunnel Technical Study. Study staff will be available to answer questions about testing being conducted in your area. Caltrans and Metro are currently conducting the SR-710 Tunnel Technical Study. All practical alternatives for extending the SR-710 through the use of a tunnel are being considered. The study area includes portions of Los Angeles, Pasadena, South Pasadena, Alhambra, Monterey Park, San Marino, La Cañada Flintridge and Glendale. This phase of the Study involves research, exploration and technical analysis of soil conditions found at depths of more than 250 feet.

A final report of the soil testing results will be made public by late 2009.

For more information, please contact the SR-710 Tunnel Study Information Office
323-222-1710. You can also visit our website at www.710tunnelstudy.info.
